

Daily Training Rate Price List June 2025 - May 2026

At ProTec Dive Centers we believe in training rates with no hidden costs. Our training is performance based which means training can take more than the "minimum" indicated in the following price list depending on the student level.

In our daily training rates, **we include:**

- Climate controlled multimedia classrooms
- Transport from dive center to dive site (roundtrip)
- Cenote entrance fees (up to US\$50)
- Specialty equipment and tanks (with the exception of DPV's and Rebreathers)
- Gasses (Air, Nitrox 32% and O2 for Rebreather related programs)
- Daily fresh CO2 absorbent for Rebreather related programs.

In our daily training rates, **we do not include:**

- Basic diving gear, you need to bring thermal protection, fins, mask and dive computer
- Training manuals (prices are between US\$50 and US\$150 depending on training level)
- Diver registration and certification fee of US\$55 per diver and level
- Helium based mixes (see separate price list for standard mixes we use for training)
- Rebreathers, variety of models available at a rental fee of US\$50 per day
- DPV Scooter rental US\$70 per day.

Any diving programs below, labeled as workshops do not include a certification.

Please note that less than 24-hour cancellation will be considered as a now-show policy to our bookings. You can learn more about our booking policy here.
